PREPARATORY PRODUCTS:

UNIVERSAL UNDERCOAT

- High opacity to mask imperfections, with superior flow and leveling properties
- Provides excellent adhesion to properly primed surfaces
- Superb intercoat (primer to topcoat/or between solvent and water based topcoat)

USES:

- Versatile sealer and undercoat
- Interior and exterior

BENEFITS:

- Superior intercoat adhesion between a primer and topcoat, or between enamel and water based topcoats
- Excellent hiding power and levelling
- Superior coverage

FINISH:

- Smooth matt finish

YEARS GUARANTEE:

- 10 year

Parker the
perfect finish

3 in 1 PLASTER PRIMER

- *Excellent alkali resistance.*
- *Resists peeling and efflorescence.*
- *Tolerates high PH common in new cement.*
- *Penetrates and seals for optimal adhesion*

USES:

- *3 in 1 (primer, sealer, undercoat)*
- *Interior and exterior*

BENEFITS:

- *Water based*
- *Excellent alkaline resistance*
- *High substrate penetration*

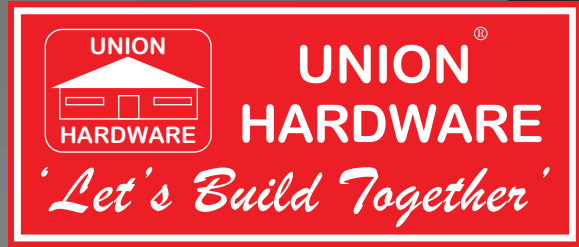

FINISH:

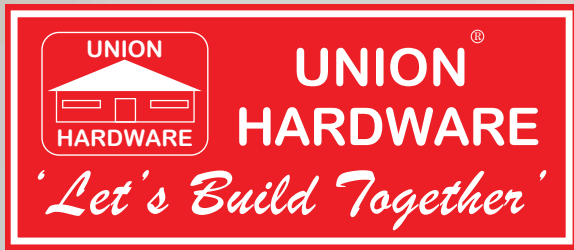

- *Smooth matt finish*

YEARS GUARANTEE:

- *10 year*

Parker the
perfect finish

PINKWOOD PRIMER

- Effectively seals and protects wood for enhanced topcoat performance.
- Deeply penetrates wood for optimum adhesion.
- Easily fills wood grain, is self-levelling and easily sanded providing a smoother finish
- Enhanced flexibility to withstand movement in the wood.

USES:

- Penetrating wood primer and sealer
- Interior and exterior

BENEFITS:

- Seals and protects wood
- Bonds loose wood fibres
- Fills in minor cracks

FINISH:

- Smooth matt finish
